Follow us on Social Media

We are proud to present our new NYTRO CATALOGUE 2024 packed with new and innovative 'performance first' products. We have expanded the rod range with some key price points (IMPAX ALLROUNDERS and ARYZON POWER FEEDERS) and in close cooperation with Tommy Pickering we have developed a range of nine MARVELIST Carp, Light Carp and Allrounder feeder rods, that we are sure will amaze you. In the reel section we have added two MARVELIST reels to match the rods and in the Sublime and StarkX EVA-Ultra range, we have made some exciting additions that we are confident the consumer will appreciate.

As we promised, we have made our first steps in the accessory sector with some exciting and innovative, new TARGETZ feeders, STEADY REST feeder rests and KLIP-ON. Believe us, there is lots more where that came from! We will continue to drop new products throughout the season, so please stay tuned and be ready for more exciting Nytro news.

## FURTHER EXPANSION

At Nytro we strive to be the first-choice brand for the consumer and bring to market the best value for money, forward thinking, cutting-edge products. The company's growth in the last year is a testament to this. The growth continues onward into 2024 with lots of new and innovative Nytro products.

We will continue to drive innovation and new product development with the emphases on delivering total consumer satisfaction. So, when it comes to price, looks and performance, both you and the consumer can be totally confident that a NYTRO product, offers the best in value that money can buy!

On social media and the traditional printed media channels, we will continue to grow our presence to keep anglers informed about our new products. We constantly expand our group of team anglers to give maximum exposure to the brand on the social media platforms and where it matters most, out on the bank.

## NTR COMMERCIAL SERIES

### CARBON CURVE

This entry-level range of carbon crafted rods are designed with the commercial water angler in mind. Great rods for those just entering the commercial scene and at a very affordable price. Their action is powerful enough to tame small to medium sized carp and they offer a perfect combination and balance, when used in conjunction with the NTR reels.

- > Through action carbon-curve composite blanks
- > High quality black anodized line guides
- > Hook keeper
- > Feeder rods feature two carbon quiver tips (1oz and 2oz)
- > Split cork and EVA handles
- > Black varnished blank with tone-in-tone black guide wrapping
- > Screw-down reel seat
- > Supplied in a rod bag
- > Butt caps feature epoxy NyTRO logo

- > Model 20200003 Transport length: 141CM
- > Model 20200004 Transport length: 157CM

## IMPAX COMMERCIAL SERIES

### CBN CARBON-CURVE

Impax Commercial Carp Feeder rods fall into a very popular price segment and once again offer extremely good value. These rods have been used, abused, and tested to the limit on a wide range of commercial waters, ensuring they withstand what is expected from them. They feature a splendid through action blank, which offers sufficient backbone to boss and direct hard fighting fish straight into the net!

- > Progressive through action 24T carbon-curve blanks
- > Gunsmoke anodized quality line guides
- > Hook keeper
- > All feeder rods feature two carbon quiver tips (1oz and 2oz)
- > Handles combine cork and EVA grips
- > Half-matt black finish with epoxy varnished black guide wrapping
- > Screw-down reel seat
- > Supplied in a rod bag
- > Butt caps feature epoxy Nytro logo

NEW 2024

## IMPAX ALLROUNDER SERIES

CBN CARBON-CURVE

This range of entry-level Impax ALLROUNDER rods with ultra-light minima-style guides, have been developed to offer a range of rods that anglers can fish throughout the year. Whether fishing at close-range for roach and skimmers or long distance for bream, whether at a commercial for carp or in natural venues. The Impax ALLROUNDER does as it says on the tin. All rods come with two dedicated 2.5mm carbon quiver tips. A full range of four different tips are available, from 0.75oz to 2oz.

- > Progressive through, allround action
- > 24T Carbon-curve blanks furnished with ultra-light guides
- > Handle section features a carbon wrap design
- > Oversized hook keeper
- > All feeder rods feature two 2.5mm carbon quiver tips
- > Handles combine cork and EVA grips
- > Half-mat black finish with epoxy varnished guide wrapping
- > Screw-down reel seat
- > Six different models for most allround feeder fishing conditions
- > Supplied in a rod bag
- > Butt caps feature epoxy Nytro logo

RODS

NYTRO  
performance first

- > 8ft / 2.40m: The 8ft Impax Allrounder classifies as your classic picker rod for close range fishing for roach and skimmers. Or as a light bomb-rod on a commercial.
- > 9ft / 2.70m: The 9ft Impax Allrounder classifies as a quiver rod for close range fishing for roach, skimmers and bream. Or as a light bomb and method feeder rod on a commercial.
- > 10ft / 3.00m: The 10ft Impax Allround is the ideal allrounder when it comes to short to medium distance fishing in natural venues and commercials. The 24T carbon-curve blank offers sufficient backbone to challenge bream and bigger FIs.
- > 11ft / 3.30m: The 11ft Impax Allrounder is perfect for fishing up to about 40m with a classic cage, method or hybrid feeder.
- > 12ft / 3.60m: The 12ft Impax Allrounder is probably the most allround length for fishing up to about. 50-60m with a classic cage, method or hybrid feeder, fishing for bream and carp in still and faster flowing waters.
- > 13ft / 3.90m: The 13ft Impact Allrounder is the to-go-to length when you need to reach longer distances in both still water and running water conditions. The 24T carbon-curve blank offers enough power for reaching distance yet has sufficient reserves when reeling in bigger fish.

## IMPAX

### CONTINENTAL POWER SERIES

#### CBN CARBON-CURVE

Power feeder rods in a popular price range, that is what these Impax Continental rods are. Designed for fishing with heavier weights and casting longer distances, especially on the continent. Ideal for faster running waters too. We have selected the most popular length (12ft and 13ft) and casting weights (100 – 120 and 150gr) for this type of fishing, resulting in this range of six different models with a faster and more power action. Allowing for improved balance and lighter weight, these rods are designed with ultra-light minima-style guides. All rods feature two dedicated 3.5mm carbon tips, ranging from 1.5oz to 4oz.

- > Fast and powerful action
- > 24T Carbon-curve blanks furnished with ultra-light guides
- > Handle section features a carbon wrap design
- > Oversized hook keeper
- > All feeder rods feature two carbon quiver tips
- > Handles combine cork and EVA grips
- > Half-mat black finish with epoxy varnished guide wrapping
- > Screw-down reel seat
- > Three casting weights in two different lengths for most distance fishing conditions
- > Supplied in a rod bag
- > Butt cap features epoxy Nytro logo

# SOLUS

## SOLUS COMMERCIAL SERIES

### CBN CARBON-CURVE

The Solus Commercial series offers a tight range of carp feeder, Method feeder and pellet waggler rods, designed for fishing carp commercials. This versatile range is ideal for fishing short distances against small islands but is also capable for longer distance work with Method or hybrid feeders. The range offers an exceptional price/performance ratio across all models.

- > Progressive through action
  - > Slim 30T carbon-curve blanks
  - > Black anodized light line guides
  - > Hook keeper

## SOLUS ALLROUND SERIES

### CRBN CARBON-CURVE

The Solus Allround series offers a select range of four different three-piece, Allround models, covering the most common feeder fishing situations. From short range, up to 40m, to long distance fishing 70m plus, these rods are the ideal choice. Both price and performance shine through in this category. The perfect rod with a softer progressive action for targeting skimmers, bream and silverfish on natural venues.

- > Progressive action
- > Slim 30T carbon-curve blanks

# ARYZON

## ARYZON COMMERCIAL SERIES

### GRB CARBON-CURVE

When you are looking for a seamless, powerful, yet forgiving through action rod, in a range that covers just about every discipline on a commercial fishery, look no further! The Aryzon range of rods are exactly that! Starting with the Carp Feeder rod in 9ft, 10ft and 11ft models, for short, medium and long-distance casting. Aryzon rods are lightweight and well balanced, yet offer the right amount of power to be in control of a fish very quickly, especially right before netting.

**ARYZON METHOD FEEDER:** There is also a 12ft Method Feeder which, with its heavier casting weight, allows you to cast distances up to 60-70m. These rods offer sufficient power to take control of larger fish very quickly.

**ARYZON PELLET WAGGLER:** This series also features two, 10ft and 11ft, Pellet Wagglers that are designed for casting floats either short, medium or longer ranges. Aryzon rods are lightweight and well balanced, yet offer the right amount of power to be in control of a fish very quickly, especially right before netting.

- > Seamless through action
- > Lightweight 30T carbon-curve blanks
- > High quality black anodized line guides
- > Hook keeper
- > All feeder rods feature two carbon quiver tips
- > Handles combine durable cork and EVA grips
- > Special EVA handle for better control
- > Half-matt black finish with epoxy varnished black guide wrapping
- > Screw-down reel seat
- > Supplied in a rod bag
- > Butt caps feature epoxy Nytro logo

## ARYZON CONTINENTAL SERIES

### CRBN CARBON-CURVE

These rods radiate stealth and power and are designed for fishing big, natural European venues. Superb actions that help the angler to cast further and even more accurately, whilst retaining a controlled bend when playing hooked fish. Ideal rods when fishing for larger species or when heavier feeders are required. The 3.60m is perfect for casting with 60g up to about 60 meters. If longer casts or heavier feeders are required, then the 3.8m and 4.0m versions are the perfect choice.

- > Powerful progressive action
- > Pure carbon-curve blanks
- > Black anodized, anti-tangle distance guides
- > Hook keeper
- > All feeder rods feature two carbon quiver tips (2.9mm and 3.4mm)
- > Handles combine high density EVA and rubber cork grips
- > Half-matt black finish with epoxy varnished black guide wrapping
- > Screw-down reel seat
- > Six different models
- > Supplied in a rod bag
- > Butt caps feature epoxy Nytro logo

## ARYZON

### DISTANCE POWER SERIES

#### CARBON CURVE

These fast tapered Power feeder rods are developed to cast long distance on bigger venues. The other major advantage of a fast tapered blank is that it helps pick-up the line quicker on the strike, which is especially important when fishing at distance. For advanced casting efficiency, these rods come with oversized guides, all the way to the tip. The rods are supplied with two dedicated carbon tips and a wider range of in total five different interchangeable tips (1oz, 1.5oz, 2oz, 3oz and 4oz), are available to allow maximum adjustment and balance of the feeder you plan to cast.

With the lighter tips available, these rods work well for a wide range of fishing from roach and skimmers to bream and even carp on larger venues and running water.

- > Powerful, fast action
- > Pure Carbon-curve blanks with carbon tape X-wrapping on handle section
- > Black anodized, ultra -lightweight minima-style guides
- > Hook keeper
- > All rods feature two, 2.9mm carbon quiver tips
- > Handles combine high density EVA and rubber cork grips
- > Half-mat black finish with epoxy varnished black guide wrapping
- > Four of the most popular lengths
- > Supplied in a rod bag
- > Butt caps feature epoxy Nytro logo

# STARKX

## STARKX METHOD SERIES

### CBN CARBON-CURVE

StarkX Method rods are designed to cast heavy Method and hybrid feeders a long way. These rods are designed to withstand the pressure of big casts and playing big fish. StarkX Method rods are designed for fishing large European venues and come in six different models, from heavy to X-heavy actions. All rods feature two carbon quiver tips.

- > Strong action for casting heavy feeders and playing big fish
- > Pure carbon-curve blanks
- > Black anodized guides
- > Hook keeper
- > All rods feature two 3.5mm carbon quiver tips
- > Handles combine high density EVA and cork grips
- > Half-matt black finish with epoxy varnished black guide wrapping
- > DPS-type reel seat with down locking EVA hood
- > Six different models available from 90g to 150g casting
- > Supplied in a rod bag
- > Rubber-cork butt caps features epoxy Nytro logo

## STARKX BIG RIVER SERIES

### CBN CARBON-CURVE

StarkX Big River rods are designed for casting heavy feeders and playing big fish. These blanks are just perfect for fishing larger natural venues and especially fast flowing rivers. Tested to the limit, anglers will appreciate the power that these rods have to offer. The Big River series comes in eight different models from MH to XXH actions with up to 200g casting weight. A variety of five different fully interchangeable 3.5mm quiver tips are available.

- > Strong action for casting heavy feeders and playing big fish
- > Pure carbon-curve blanks
- > Black anodized guides
- > Hook keeper
- > All rods feature two 3.5mm carbon quiver tips
- > Handles combine high density EVA and cork grips
- > Half-matt black finish with epoxy varnished black guide wrapping
- > DPS-type reel seat with down locking EVA hood
- > Eight different models from 60g to 200g casting weight
- > Supplied in a rod bag
- > Rubber-cork butt caps features epoxy Nytro logo

## MARVELIST

### TPS SERIES CARP & ALLROUNDER

#### CARBON CURVE

The Marvelist TPS series comes in three ranges, the Light Carp, Carp and Allrounder. They are designed in close cooperation with Feeder legend and former World Champion, Tommy Pickering. The rods are purposely designed to cover a wide range of fishing styles and for a multiple of species throughout the fishing seasons. The Light Carp and Carp ranges are two-piece rods with equal sections, featuring three, 2.5mm carbon tips. The Allrounder range are three-piece rods with equal sections, also featuring three, 2.5mm carbon tips allowing them to be all interchangeable. The rods are built with high-modulus, 30T and 40T carbon, allowing them to cast very well and accurate too, offering a fast recovery and improved playing action with sufficient reserves in the spine of the blank.

- > Designed in close cooperation with feeder legend and former World Champion, Tommy Pickering
- > Progressive through action leaving sufficient reserves in the spine
- > High-modulus Diamond Carbon-curve blanks combining 30T and 40T
- > Carbon wrap on handle section
- > Oversized hook keeper
- > All feeder rods feature three dedicated carbon quiver tips
- > Handles combine flat-grip cork and duplon
- > Half-mat black finish with epoxy varnished guide wrapping
- > Screw-down reel seat
- > Three different ranges (Light Carp, Carp and Allrounder), each in three different lengths for most commercial and allround feeder fishing conditions
- > Supplied in a rod bag
- > Butt cap features epoxy Nytro logo

## Tommy Pickering on the MARVELIST TPS SERIES LIGHT CARP

*"These rods are so versatile, I use these all year round. In the summer they are my bream and skimmer rods and in the winter they are my carp rods, especially when using smaller hooks and lighter lines."*

## Tommy Pickering on the MARVELIST TPS SERIES CARP

*"These are my out and out carp rods, especially in summer when using hooks size 16 and bigger, also if I want to use bigger feeders and gain more distance."*

## Tommy Pickering on the MARVELIST TPS SERIES ALLROUND

*"If I have only one rod to cover everything then this is the rod, it can be used on rivers, lakes or commercials."*

\* All 2.5mm Marvelist Allrounder Quiver tips feature oversized lined guides for improved distance casting.

# IMPAX

## IMPAX

### 3000, 4000, 5000 REELS

The Impax series of reels truly do make an impact! Offering superb value for money and featuring 4+1 ball bearings and an S-curve cross winding oscillation system, for a perfect line-lay of both mono and braid. Available in three sizes, 3000, 4000 and 5000, these reels cover about all modern coarse fishing techniques, including carp feeder and pellet waggler fishing on commercials.

- > Gear ratio 5.2:1
- > Shallow aluminium spool
- > High strength graphite body and balanced rotor construction
- > S-curve oscillation system
- > Twin spring-loaded round metal line-clips
- > Micro adjustable front drag
- > Sealed one-way clutch system
- > Oversized hollow bail wire
- > Twist-free line roller
- > Ambidextrous aluminium CNC handle

## IMPAX SUPER FEEDER SERIES

A small, big pit feeder reel is best to describe the Impax Super Feeder. This 4+1 ball bearing casting machine offers great benefits for long distance feeder fishing. The large, tapered spool allows the line to come off with minimum drag making it easier to hit the target even at long range.

- > Gear ratio 4.7:1
- > Shallow aluminium long-cast spool
- > High strength graphite body and balanced rotor construction
- > Reliable line-guard system
- > S-curve oscillation system
- > Twin spring-loaded round metal line clips
- > Micro adjustable front drag
- > One-way clutch system
- > Oversized hollow bail wire
- > Twist-free line roller
- > Ambidextrous aluminium CNC handle
- > Comfortable rubber handle grip

## SOLUS

### FREERUNNER 4000

The Solus Freerunner 4000 is a free spool style reel designed for feeder fishing which offers superb value for money. The 4000-size suits most feeder and traditional carp fishing conditions.

- > Gear ratio 5.2:1
- > Micro-adjustable, multi-disc front drag
- > Independent free spool rear drag
- > High-strength lightweight graphite body and balanced rotor construction
- > Medium-shallow aluminium feeder spool for mono and braid
- > Line capacity: 150m/0.26mm
- > 5+1 ball bearings
- > S-curve crosswind oscillation system
- > Two round metal line-clips
- > One-way clutch system
- > Oversized hollow bail wire
- > Twist-free, extra smooth titanium coated line roller
- > Compact, ambidextrous aluminium CNC handle
- > Comfortable T-bar handle grip

### 3000, 4000, 5000 REELS

The Solus range of reels were designed to complement the Solus range of rods, offering a perfect balance through the range. Whether fishing commercial or natural venues, Solus reels offer exceptional value for money. Each model in the range features a 5+1 ball bearing system, an aluminium spool with diamond knurling on the core to avoid braid from turning on the spool and an aluminium handle with T-bar handle grip for maximum control when reeling in. These high-strength graphite reels are light, compact and offer the power to perform. The range consists of three sizes, 3000, 4000 and 5000 to cover both short- and long-range fishing conditions.

- > Gear ratio 5.2:1
- > Shallow aluminium long-cast spool
- > High-strength lightweight graphite body and balanced rotor construction
- > S-curve oscillation system
- > Spring-loaded round metal line-clips
- > Multi-disc adjustable front drag
- > Sealed one-way clutch system
- > Oversized hollow bail wire
- > Twist-free, extra smooth titanium coated line roller

## SOLUS

### SUPER FEEDER

The Solus Super Feeder 5500 is a robust feeder reel designed for medium to long distance casting. The lightweight S-curve cross-winding oscillation system inside the reel offers a multitude of advantages. It keeps the reel surprisingly light, allows for perfect spooling of both braid and mono on the medium-shallow feeder spool and it is exceptionally strong to withstand rugged handling. The Solus Super Feeder features a quick-drag system for rapid and precise control when playing bigger fish. A very functional reel for most allround feeder fishing conditions on natural venues.

- > Gear ratio 4.7:1
- > 5+1 Ball bearings
- > Multi-disc quick-drag system
- > Medium-shallow aluminium feeder spool for mono and braid
- > Line capacity: 130m/0.25mm
- > Recuperation: 84cm/turn
- > High-strength lightweight graphite body and balanced rotor construction
- > S-curve crosswind oscillation system
- > Two round metal line-clips
- > Sealed one-way clutch system

## SOLUS

### DISTANCE FEEDER

The Solus Distance Feeder 6500 is a robust, big capacity feeder reel designed for most medium to long distance casting. For safety purposes, the Solus Distance Feeder features a line-guard system to prevent the line from tangling underneath the spool. The lightweight S-curve cross-winding oscillation system inside the reel offers a multitude of advantages. It keeps the reel surprisingly light, allows for perfect spooling of both braid and mono on the medium-shallow feeder spool and it is exceptionally strong to withstand rugged handling. The Solus Distance Feeder features a quick-drag system for rapid and precise control when playing bigger fish.

- > Long-distance reel design
- > Gear ratio 4.7:1
- > 5+1 Ball bearings
- > Multi-disc quick-drag system
- > Line-guard system
- > Medium-shallow aluminium feeder spool for mono and braid
- > Line capacity: 190m/0.25mm
- > Recuperation: 93cm/turn
- > High-strength lightweight graphite body and balanced rotor construction
- > S-curve crosswind oscillation system
- > Two round metal line-clips
- > Sealed one-way clutch system
- > Oversized bail wire

## STARKX

### CARBON SERIES

The Nytro StarkX Carbon Long Cast reels feature a wormshaft system to perfectly distribute mono or braid on to the extra-long-nose aluminium spool. They are ideal reels for effortless long-distance casting. The line-guard system prevents any tangling of the line. This model is available in three sizes, 4500, 5500 and 6500 to cover most, if not all, distance casting conditions. The 7+1 stainless steel ball bearings allow for an extremely smooth operation. They are ideal casting machines and compliment rods such as the StarkX Big River and Method or the Aryzon Continental and Power Feeder series.

- > Gear ratio 5.2:1
- > Wormshaft oscillation system
- > Shallow aluminium long-nose spool
- > High-strength carbon body and rotor construction
- > Line-guard system
- > Two round metal line-clips
- > Multi-washer micro adjustable front drag
- > One-way clutch system
- > Strong main shaft
- > Oversized bail wire
- > Tapered bail arm holder
- > Twist-free line roller
- > Ambidextrous, aluminium handle featuring a T-bar handle grip

## ARYZON LONG CAST

The Aryzon Long Cast is a robust, large capacity feeder reel for long range casting. The wormshaft oscillation offers the perfect line-lay and the floating rotor line guard helps to prevent any tangles. Surprisingly light for its size this 6+1 ball bearing reel retrieves close to 1m of line per turn. Two high impact captive line clips help with your accuracy and the quick torque drag system keeps you in control of a big fish. The Aryzon Long Cast combines really well with the Aryzon Continental and Starkx Big River or Method rods.

- > Gear ratio 4.7:1
- > Wormshaft oscillation system
- > Shallow aluminium long-cast spool
- > High strength graphite body and rotor construction
- > Floating rotor line-guard system
- > Twin spring-loaded round metal line-clips
- > Multi-washer micro adjustable front drag
- > Sealed one-way clutch system
- > Quick-torque drag system
- > Strong main shaft
- > Zinc alloy drive gear
- > Precision machined brass pinion gear
- > Large diameter aluminium bail wire
- > Tapered bail arm holder
- > Twist-free line roller
- > Ambidextrous aluminium CNC handle featuring a wooden handle grip

# MARVELIST

**NEW**

## MARVELIST POWER FEEDER SERIES

Designed in close collaboration with former World Champion Tommy Pickering, these Marvelist Power Feeder reels are top choice for the angler that demands the absolute best and will cover most, if not all, feeder fishing situations.

Whether fishing commercials or natural venues, still water or fast flowing rivers, the Marvelist Power Feeder reels are up to the job. We have designed these reels to saltwater standards, which means the aluminium body offers maximum strength and protection to the internal mechanism, even when the fighting gets hard. The solid stainless steel main shaft and heavy-duty internal structure of the Marvelist reels make them true fighting machines.

- > Gear ratio 4.9:1
- > 6+1 Ball bearings
- > Medium-shallow aluminium feeder pop-off spool for mono and braid
- > Spare spool included
- > High-strength aluminium body
- > Graphite balanced rotor construction
- > S-curve crosswind oscillation system
- > Two oversized round metal line-clips
- > Micro-adjustable, multi-disc front drag
- > Sealed one-way clutch system
- > Oversized bail wire
- > Twist-free line roller
- > Compact, screw-in machined aluminium handle
- > Ambidextrous
- > Comfortable soft-touch T-bar handle grip

# SUBLIME

## SUBLIME X8 SINKING BRAID

This high-quality, 8-strand, fast sinking braid, has been specifically designed for feeder fishing. Featuring a sinking core, no-stretch X8 round braid, smooth surface and high tensile strength. These are just some of the key characteristics that make this braid ideal for feeder fishing. Available in three diameters on 150m spools.

- > High quality sinking braided main line
- > Designed for feeder fishing
- > 8-strand round braided precision diameter
- > Superb knot strength
- > No stretch for maximum bite registration
- > Abrasion resistant smooth coating
- > Available in 0.08mm, 0.10mm, 0.12mm
- > Supplied on 150-meter spools

CODE	DESCRIPTION	DIAMETER	BREAKING STRAIN

## SUBLIME SINKING MONO

The Nytro Sublime Sinking Feeder Mono has been designed for feeder fishing. As the line sinks the transparent deep bronze color disappears against most backgrounds. It is strong, yet supple, so it casts really well and it offers a high knot strength. Ideal as a reel line and just as good when used as a shock leader, as it stretches well and hugs the bottom.

- > High quality sinking monofilament
- > Designed for feeder fishing
- > Precision diameter
- > Strong, supple and superb knot strength
- > Abrasion resistant
- > Available in six popular diameters
- > Supplied on 150-meter spools

## POWER RIG MONO

Our crystal-clear, Nytro Sublime Power Rig Mono is a very durable monofilament and is ideal for feeder rigs. It is a high-tech monofilament. It combines strength with a balanced stretch to absorb the powerful lunges of bigger fish.

- > High-tech monofilament
- > Durable
- > Accurate diameter
- > Superb knot strength
- > Supple with balanced stretch
- > Abrasion resistant
- > Available in nine popular diameters
- > Supplied on 100-meter spools

## SPACE CREATOR KEEPNETS

The ultimate solution to net limits on commercial fisheries. The reversed rectangular top ring creates more space, which is ideal for where strict weight limits per net is practiced on modern-day commercial fisheries. These nets are manufactured using ultra durable, carp-friendly mesh.

- > Reversed rectangular shape, 50x40cm
- > Strong plastic rings
- > Durable carp-friendly mesh
- > Two strong webbing pull-through straps inside for weighing-in
- > Equipped with double, universal screw thread
- > Robust pressure-lock adjustable tilt system
- > Available in 2.5m and 3m lengths
- > Particularly stylish design
- > Provides a professional look

CODE	DESCRIPTION
20900001	KEEPNET SPACE CREATOR COMMERCIAL CARP 2500
20900002	KEEPNET SPACE CREATOR COMMERCIAL CARP 3000

## COMMERCIAL KEEPNETS

Extra strong rectangular keepnet. Manufactured using very durable, carp-friendly, densely woven mesh fabric that dries very quickly. The net features a pressure-lock adjustable tilt system. The shorter lengths are ideal for commercial fisheries. The longer lengths are suited to natural venues where carp are one of the target species.

- > Rectangular shape, 50x40cm
- > Durable, densely woven, quick-dry, carp-friendly mesh
- > Two strong pull-through webbing straps inside for weighing-in
- > Equipped with double, universal screw thread
- > Robust pressure-lock adjustable tilt system
- > Available in 2,5m, 3m and 4m lengths
- > Particularly stylish design
- > Provides a professional look

CODE	DESCRIPTION

20900004	KEEPNET CARP MESH 3000
20900005	KEEPNET CARP MESH 4000

## SILVERFISH KEEPNETS

Extra strong rectangular keepnet with an oversized top ring. Manufactured using durable 5mm round, quick-dry, garment mesh fabric. The keepnet features a pressure-lock, finely adjustable tilt system.

- > Rectangular shape, 40x45cm with an oversized 50x40cm top ring
- > Durable quick-dry 5mm round mesh
- > Two strong pull through webbing straps inside for weighing-in
- > Equipped with double, universal screw thread
- > Robust pressure-lock adjustable tilt system
- > Available in 3m, 3.5m and 4m lengths
- > Particularly stylish design
- > Provides a professional look

20900008	KEEPNET LAKE & CANAL QUICK DRY MESH 4000

## SILVERFISH PRO KEEPNETS

**2024 NEW**

This Nytro Silverfish Pro comes in two different sizes, 3m and 4m which makes it ideal for fishing both commercials and natural venues. On the bankside of the net we have reinforced the fabric on the corners of the rings to prevent any damage when rubbing against sticks, stones or other debris. The aluminium bottom ring is protected on all corners. The aluminium rings at the bottom allow the net to sink faster in deeper water. The top to second ring features a nylon fabric with Nytro logo to prevent the hook from tangling in the net. There are two strong webbing pull-through handles inside to make weighing-in very easy. The keepnet features a pressure-lock, finely adjustable tilt system.

- > Rectangular shape, 40x45cm with an oversized 50x40cm top ring
- > Top ring with branded nylon fabric
- > Last three rings in aluminium protect against distortion
- > Fast sink
- > Durable quick-dry 5mm round mesh
- > Two strong webbing straps inside for weighing-in
- > Protected edges against wear and tear
- > Equipped with double, universal screw thread
- > Robust pressure-lock adjustable tilt system
- > Available in 3m and 4m lengths
- > Particularly stylish design
- > Provides a professional look

CODE	DESCRIPTION

## COMMERCIAL CARP KEEPNETS

**2024 NEW**

These 2.5m keepnets are the perfect choice for all anglers on commercial fisheries. Coming in a value pack of three nets, they are ideal for where strict weight limits per net are practiced on modern-day fisheries. Manufactured using ultra durable, carp-friendly mesh and featuring a strong tilt-system.

- > Rectangular shape, 50x40cm
- > Durable, densely woven, quick-dry, carp-friendly mesh
- > Two strong pull-through webbing straps inside for weighing-in
- > Equipped with double, universal screw thread
- > Robust adjustable tilt system
- > Length: 2.5m
- > Stylish design
- > Provides a professional look on the bank

UNION  
NETS

## QUICK-DRY HAIR MESH

This 2.5mm quick-dry fine hexamesh net is ideal when fishing with hair rigs. The fine mesh will stop the hair rig tangling when landing and unhooking fish.

- > Durable lifting-assist nylon spreader block for safe and easy fish handling
- > Sturdy red aluminium frame
- > Quick-dry
- > Black and grey 2.5mm hexamesh hair mesh fabric
- > Available in three sizes (16"/40cm, 18"/45cm and 20"/50cm)

CODE	DESCRIPTION	FRAME WIDTH	FRAME HEIGHT	NET DEPTH
20900010	SPOON NET QUICK-DRY HAIR MESH 16" (40CM)	40CM	30CM	20CM
20900011	SPOON NET QUICK-DRY HAIR MESH 18" (45CM)	45CM	35CM	25CM
20900012	SPOON NET QUICK-DRY HAIR MESH 20" (50CM)	50CM	40CM	30CM

## QUICK-DRY BIG FISH

These nets feature quick-dry 8.5mm lightweight fabric, making netting fish with longer net handles much easier. The fabric does not absorb water and the 8.5mm mesh flows through the water with ease, the ideal net for rivers. The special fabric is super-soft avoiding any damage to fish. Water and slime are not absorbed and these nets dry exceptionally fast and barely smell after use.

- > Durable lifting-assist nylon spreader block for safe and easy fish landing
- > Sturdy red aluminum frame
- > Black 8.5mm quick-dry and smell-free fabric
- > Available in three sizes (18"/45cm, 20"/50cm and 22"/55cm)

CODE	DESCRIPTION	FRAME WIDTH	FRAME HEIGHT	NET DEPTH
20900020	SPOON NET QUICK-DRY BIG FISH 18" (40CM)	40CM	45CM	30CM
20900021	SPOON NET QUICK-DRY BIG FISH 20" (45CM)	45CM	40CM	33CM
20900022	SPOON NET QUICK-DRY BIG FISH 22" (50CM)	50CM	45CM	36CM

## LATEX HAIR MESH

This 2.5mm quick-dry, latex dipped fine hexamash net, is ideal when fishing with hair rigs. The softness of the material avoids any damage to fish. The latex dip makes this net even more durable and longer lasting. It also features a durable lift-assist spreader block allowing bigger fish to be lifted with ease.

- > Durable lifting-assist nylon spreader block for safe and easy fish landing
- > Sturdy red aluminum frame
- > Quick-dry
- > Black and red 2.5mm latex dipped hexamash fabric
- > Available in three sizes (16"/40cm, 18"/45cm and 20"/50cm)

CODE	DESCRIPTION	FRAME WIDTH	FRAME HEIGHT	NET DEPTH
20900023	SPOON NET LATEX HAIR MESH 16" (40CM)	40CM	30CM	20CM
20900024	SPOON NET LATEX HAIR MESH 18" (45CM)	45CM	35CM	25CM
20900025	SPOON NET LATEX HAIR MESH 20" (50CM)	50CM	40CM	30CM

## LATEX MATCH ALLROUND

These nets have been designed for landing bigger fish and are available in two sizes. Totally fish-friendly and manufactured with a quick-dry, latex dipped, hexamash fabric. The sides are 8.5mm so the net moves through the water with ease. The base of the net is manufactured with a 2.5mm rubber dipped hair mesh, to avoid the hook or hair from tangling in the net. The softness of the material avoids damage to the fish. The latex dip makes this net even more durable and longer lasting.

- > Durable lifting-assist nylon spreader block for safe and easy fish handling
- > Sturdy red aluminum frame
- > Quick-dry
- > Black and red 8.5mm and 2.5mm latex dipped hexamash fabric
- > Available in two large sizes (18"/45cm – 20"/50cm)

CODE	DESCRIPTION	FRAME WIDTH	FRAME HEIGHT	NET DEPTH
20900015	SPOON NET LATEX MATCH ALLROUND 18" (45CM)	45CM	35CM	25CM
20900016	SPOON NET LATEX MATCH ALLROUND 20" (50CM)	50CM	40CM	30CM

## LATEX BIG FISH

Ideal for netting big fish even in running water. The larger 8.5mm latex dipped hexamash fabric moves through the water with ease. The latex protected mesh makes these nets hook-proof. The softness of the material avoids damage to the fish while the latex dip ensures durability because slime and smell are not absorbed. These nets dry faster and barely smell when totally dry.

- > Durable lifting-assist nylon spreader block for safe and easy fish landing
- > Sturdy red aluminum frame
- > Quick-dry
- > Black and red 2.5mm latex dipped hexamash fabric
- > Available in three sizes (16"/40cm, 18"/45cm and 20"/50cm)

CODE	DESCRIPTION	FRAME WIDTH	FRAME HEIGHT	NET DEPTH

20900019	SPOON NET LATEX HAIR MESH 20" (50CM)	50CM	40CM	30CM

# DOUBLE-MESH FAST NET

These nets are available in two of the most popular sizes, 45cm and 50cm. They are manufactured with an ultralight aluminium frame and super soft, fish friendly 6mm double mesh. This makes them incredibly manoeuvrable in the water allowing the angler to land fish quicker.

- > Durable lifting-assist nylon spreader block for safe and easy fish handling
- > Sturdy lightweight aluminium frame
- > Black 6mm, super soft and fish friendly double mesh fabric
- > No smell absorption
- > Available in two sizes (18"/45cm and 20"/50cm)

CODE	DESCRIPTION	FRAME WIDTH	FRAME HEIGHT	NET DEPTH
20900029	SPOON DOUBLE MESH FAST NET 18" (45CM)	45CM	35CM	30CM
20900030	SPOON DOUBLE MESH FAST NET 20" (50CM)	50CM	45CM	33CM

# MONO GHOST NET

This 7mm square knitted mono-mesh ghost net allows quicker water flow when netting and does not spook the fish. Ideal when fishing on running waters.

- > Durable lifting-assist nylon spreader block for safe and easy fish handling
- > Sturdy red aluminum frame
- > Quick-dry
- > No smell absorption
- > Transparent nylon ghost mesh
- > Available in two sizes (18"/45cm and 20"/50cm)

CODE	DESCRIPTION	FRAME WIDTH	FRAME HEIGHT	NET DEPTH

## NTR COMMERCIAL HANDLE PUT-OVER

2024  
NEW

The NTR Commercial handle features a fast-taper carbon-graphite construction, making it lightweight and easy to handle. With sufficient power-reserves to net and land fish quickly and securely, this landing net handle offers maximum value for money. Length 3m.

CODE	DESCRIPTION	LENGTH	SECTIONS	TRANSPORT LENGTH	WEIGHT
20500007	NTR LANDING NET HANDLE 300	2.90M	2	160CM	262G

## IMPAX COMMERCIAL PUT OVER

The Impax Commercial landing net handles are the ideal net handles in a very popular price segment. Designed for fishing commercials, these handles are lightweight yet incredibly strong enabling them to be manoeuvred fast and land carp and F1's quickly. Featuring a put-over joint with glued and pinned heads for extra security. Available in two different lengths: 2m and 3m.

CODE	DESCRIPTION	LENGTH	SECTIONS	TRANSPORT LENGTH	WEIGHT
20500001	IMPAX COMMERCIAL 200 PUT OVER	2.0M	2	112CM	148G
20500002	IMPAX COMMERCIAL 300 PUT OVER	3.0M	3	112CM	260G

## IMPAX COMMERCIAL TELE

The Impax Commercial telescopic landing net handle is lightweight yet incredibly strong. Ideal for carp and F1 fishing. Featuring a telescopic joint with glued and pinned head for extra security. Available in 3m.

CODE	DESCRIPTION	LENGTH	SECTIONS	TRANSPORT LENGTH	WEIGHT
20500003	IMPAX COMMERCIAL 300 TELE	3.0M	3	110CM	270G

# SOLUS DUO NET HANDLE

The Solus Duo net handle features two threads in the top and middle sections enabling it to be used at 2.2m or 3.3m lengths, depending on whatever the circumstances require. The lightweight, multi-purpose Solus Duo carbon handle, is strong with a super glide mat finish and is designed for all-round fishing conditions.

CODE	DESCRIPTION	LENGTH	SECTIONS	TRANSPORT LENGTH	WEIGHT
20500008	SOLUS DUO NET HANDLE	2.2M/3.3M	3	120CM	314G

# SUBLIME CARP MATCH PUT OVER

The Sublime Carp Match landing nets are lightweight, stiff and extremely strong. Available in 3m and 4m they are also ideal when fishing matches on natural venues for bigger fish. Their strength allows the use of larger net heads. Featuring a put-over joint, plus the screw thread head is glued and pinned for added security.

CODE	DESCRIPTION	LENGTH	SECTIONS	TRANSPORT LENGTH	WEIGHT
20500004	SUBLIME CARP MATCH 300 PUT OVER	3.0M	3	128CM	293G
20500005	SUBLIME CARP MATCH 400 PUT OVER	4.0M	4	128CM	425G

# SUBLIME SLIM STICK

The Sublime Slim Stick, put-over landing net handle is lightweight, comfortable and easy to handle. This ultra slim diameter net handle is ideal for fast maneuvering and quick netting of fish whether fishing competitions or just for pleasure. The handle is super rigid and the screw thread head is properly glued and pinned for extra security. Available in 3.5m and three unequal sections so you can use it at one section shorter if required.

CODE	DESCRIPTION	LENGTH	SECTIONS	TRANSPORT LENGTH	WEIGHT
20500006	SUBLIME SLIM STICK 350 PUT OVER	3.5M	3	141CM	263G

## V-TOP FEEDA BROLLY

Sitting protected from the rain and still being able to cast a feeder was the goal when developing our V-Top Feeda Brolly. The tilt system allows for additional adjustment. All seams are taped so this brolly not only protects you from the sun but also from drizzle or rain burst.

- > Measurement: 50" / 250cm
- > 210T Polyester
- > Steel ribs
- > V-Top front
- > Waterproof taped seams
- > Easy operation
- > Tilt-system
- > Includes transport pouch
- > Weight: 2.6kg

CODE	DESCRIPTION	MEASUREMENT	WEIGHT

## SPACE CREATOR FLATBACK 50

The Space Creator Flatback 50 is a versatile brolly featuring waterproof taped seams and lightweight fiberglass ribs for maximum support and stability. For extra protection in extreme weather conditions, we build these brollies with an extra-strong steel frame. Three pegging point allow you to secure the umbrella in windy conditions, so you stay fully protected at all times. Pegs are included!

- > Measurement: 50" | 250cm
- > 300D nylon fabric
- > 8mm fiberglass ribs
- > Waterproof taped seams
- > Three pegging points
- > Easy operation
- > Tilt-system
- > Ideal protection in rain, wind and sun
- > Includes peg set
- > Includes transport pouch
- > Weight: 2.4kg

CODE	DESCRIPTION	MEASUREMENT	WEIGHT
20700004	SPACE CREATOR FLATBACK50 250CM (INCL. PEGS)	50"/250CM	2.4KG

## SPACE CREATOR MULTISPACE 60

The Space Creator Multispace 60 is the largest brolly in the range and is extremely versatile. It features waterproof taped seams and lightweight fiberglass ribs for maximum support and stability. For extra protection in extreme weather conditions these oversized brollies are manufactured with an extra strong steel frame and a tilt system.

- > Measurement: 60" | 300cm
- > 300D nylon fabric
- > 8mm fiberglass ribs
- > Waterproof taped seams
- > Three pegging points
- > Easy operation
- > Tilt-system

# BAIT PROTECTOR BROLLY

The ideal protection for your bait keeping it dry from rain. Also protects your bait from drying out in the sun.

- > 210T nylon fabric
- > Sturdy steel ribs
- > Waterproof taped seams
- > Easy operation
- > Tilt-system
- > Includes transport pouch
- > Weight: 1kg

CODE	DESCRIPTION	MEASUREMENT	WEIGHT
20700006	BAIT PROTECTOR BROLLY	60x80CM	1KG

## SLS36 STATION

**2024**  
**NEW**

The NyTRO SLS36 Station offers lots of comfort and above all, great value for money! This compact, space efficient seat box features an elegant, strong aluminium frame with a rigid sliding foot plate. The SLS36 Station comes standard with six, D36 black telescopic legs, two of which featuring a threaded end cap. In addition, there are two 40mm side drawer units and a padded seat featuring a carbon friendly pole holder. There is a spirit level on the back of the frame to allow perfect positioning. A great seat box with for the demanding pole and feeder angler.

- > Strong, elegant aluminium frame
- > Six telescopic, black D36 aluminium legs
- > Two threaded end cap inserts
- > Sliding foot plate
- > Padded seat with pole retaining strap
- > Two 40mm side draw units
- > Oversized locking system handle knobs
- > Spirit level for total comfort
- > Flexible mud feet
- > Adjustable shoulder strap

# SUBLIME LUGGAGE

This premium range of match luggage has been designed for intensive use by the modern-day feeder angler. It is extremely practical, looks great and thanks to the incredibly strong PVC material, it is exceptionally rugged and robust. This well-designed range literally covers just about all the feeder angler's needs. From rod holdalls to carryalls, from cooler bags to keepnet bags and even tip tubes, Nytro has it covered. Every care has been taken to design luggage that will offer safe storage on and off the bank. Simply Sublime!

## SUBLIME 600D HARD-SHELL HOLDALLS

These hard-shell holdalls come in three different lengths and are designed to hold two, four and six made up ready rods. The central dividers keep the reels apart and protected to avoid any damage during stow-away and transport. Rods can be secured with Velcro straps inside. Fully lined and padded inside for extra protection. The hard shell that folds about the rods offers maximum protection during transport and storage. The separate storage areas within are spaciouly designed leaving nothing to chance. All handles and shoulder straps are designed for maximum comfort. The handles are positioned to balance the bag when carrying and covered with a neoprene which gives a nice secure and comfortable grip. The adjustable shoulder straps are fully padded and feature a non-slip surface for comfortably carrying when on your shoulder.

The Sublime 2-ready rods Holdall is the most basic version, offering all the afore mentioned advantages. The holdall offers one compartment separated by the padded protection divider between the reels. With a total length of 195cm this holdall is ideal for storing two-section rods up to 12ft/3.6m.

The Sublime 4- and 6-ready rods Holdalls are available in 165cm – 180cm and 195cm with additional pouches and sleeves on both sides of the holdall. These are the most versatile holdalls in the range and offer maximum storage facilities for rods, reels, brollies, landing net handles, distance sticks, tip tubes and even a margin pole. Sufficient space and

- > Hard-shell cover for maximum rod and reel protection

## SUBLIME BAIT BAG SMALL

Sublime Bait Bags are designed in a rectangular shape, so they fit well on a trolley. The small version has a capacity of 35ltr and comes with a front facing pocket offering additional storage. The design of the Sublime Bait bags means you have a direct overview of the bait and the gear stored within. The padded sides allow the bag to stand right-up even if it is not filled completely. The bottom is reinforced to prevent moisture penetrating when on a wet surface.

- > Heavy-duty 600D durable fabric
- > Easy-clean PVC outside
- > Thick insulation lining
- > Rugged reinforced base
- > Water repellent
- > Thick padded shoulder strap with anti-slip surface
- > Soft neoprene handle and balanced grip positioning for extra comfort
- > Branded webbing straps
- > Durable SBS-quality zippers and branded pullers
- > Stylish design
- > Size L42xW30xH28cm (Capacity 35Ltr)

CODE	DESCRIPTION	LENGTH	WIDTH	HEIGHT	CAPACITY

## SUBLIME ACCESSORY CARRYALL MEDIUM

This medium size Sublime Accessory Carryall is rectangular with a front facing pocket offering the ideal space for your most essential accessories. We designed this bag with a low profile so all your gear is easily accessible and the bag stands-up straight even when you have taken out most of your gear. The bottom is reinforced with anti-slip pads to keep the bag in position, even on a sloping bank and to prevent moisture penetrating when on a wet surface.

- > Heavy-duty 600D durable fabric
- > Easy-clean PVC outside
- > Padded lining
- > Rugged reinforced base
- > Water repellent
- > Thick padded shoulder strap with anti-slip surface
- > Soft neoprene handle and balanced grip positioning for extra comfort
- > Branded webbing straps
- > Durable SBS-quality zippers and branded pullers
- > Stylish design
- > Size L42xW30xH24cm (Capacity 30Ltr)

CODE	DESCRIPTION	LENGTH	WIDTH	HEIGHT	CAPACITY
22400027	SUBLIME ACCESSORY CARRYALL MEDIUM	42CM	30CM	24CM	30L

## SUBLIME ACCESSORY CARRYALL LARGE

This large, square Sublime Accessory Carryall features a front facing pocket and offers the ideal space for your most essential accessories. Both the small and the large carryall have the same height, so kit is easily accessible and the bag stands-up straight even when you have taken out most of your gear. The bottom is reinforced with anti-slip pads to keep the bag in position, even on a sloping bank and to prevent moisture penetrating when on a wet surface.

- > Heavy-duty 600D durable fabric
- > Easy-clean PVC outside
- > Padded lining
- > Rugged reinforced base
- > Water repellent
- > Thick padded shoulder strap with anti-slip surface
- > Soft neoprene handle and balanced grip positioning for extra comfort

## SUBLIME FEEDER BAG

The Sublime Feeder Bag is a luxurious storage bag with a reinforced base offering enough space for all the essential small accessories, like feeders or waggler. This feeder bag was designed to hold, for example, two 2+1 Feeder Trays, or eight 1818 StarkX Accessory Zip-up Cases. Besides the base storage area, the Sublime Feeder Bag also features a front compartment for additional essentials and a zip-up mesh pouch in the lid for storing documents, keys or your phone. Just like the other bags and carryalls in the Sublime range, the Sublime Feeder Bag comes with a padded shoulder strap and neoprene covered handles for maximum comfort when carrying to and from your peg.

- > Heavy-duty 600D durable fabric
- > Easy-clean PVC outside
- > Padded lining
- > Rugged reinforced base
- > Water repellent
- > Thick padded shoulder strap with anti-slip surface
- > Soft neoprene handle and balanced grip positioning for extra comfort
- > Branded webbing straps
- > Durable SBS-quality zippers and branded pullers
- > Stylish design

CODE	DESCRIPTION	LENGTH	WIDTH	HEIGHT	CAPACITY
22400032	SUBLIME FEEDER BAG	30CM	30CM	22CM	19.8L

# SUBLIME FEEDER BOX BAG

The Sublime Feeder Box Bag is a luxurious storage bag with a reinforced base offering more space than the regular Feeder Bag. It will hold up to three Feeder Tray Systems and offers enough space for a mix of Feeder Tackle Boxes too. Besides the base storage area, the Sublime Feeder Bag also features three front and side compartment for additional essentials. Just like the other bags and carryalls in the Sublime range, the Feeder bag comes with a padded shoulder strap and neoprene covered handles for maximum comfort when carrying your gear to and from your peg.

- > Heavy-duty 600D durable fabric

> Easy-clean PVC outside

> Padded lining

> Rugged reinforced base

> Water repellent

> Thick padded shoulder strap with anti-slip surface
- > Soft neoprene handle and balanced grip positioning for extra comfort

> Branded webbing straps

> Durable SBS-quality zippers and branded pullers

> Stylish design

CODE	DESCRIPTION	LENGTH	WIDTH	HEIGHT	CAPACITY
22400033	SUBLIME FEEDER BOX BAG	40CM	32CM	36CM	46L

# SUBLIME LONG ESSENTIALS BAG

The Sublime Long Essentials Bag is a luxurious storage bag with a reinforced base offering lots of space for roosts, pole rollers, feeder arms, spare legs and other essential seat box attachments. This long, large bag even features a storage solution on the outside for additional gear such as feeder rests.

Just like the other bags and carryalls in the Sublime range, the Long Essentials Bag comes with a padded shoulder strap and neoprene covered handles for maximum comfort when carrying your gear to and from your peg.

- > Heavy-duty 600D durable fabric

> Easy-clean PVC outside

> Padded lining

> Rugged reinforced base

> Water repellent

> Thick padded shoulder strap with anti-slip surface
- > Soft neoprene handle and balanced grip positioning for extra comfort

> Branded webbing straps

> Durable SBS-quality zippers and branded pullers

GOOD SUBLIME LUGAGE

# SUBLIME NET FLOAT

A simple but very functional bit of kit is the elasticated Sublime Net Float. No fiddling with adjustment bands, just mount this to the top of the landing net handle and screw-on your net. The Sublime Net Float offers enough buoyancy to keep just about every net head floating without much effort and in position ready to scoop.

- > Nylon fabric
- > High buoyancy foam
- > Elasticated central slot
- > Size 10cm

CODE	DESCRIPTION	SIZE
22400025	SUBLIME NET FLOAT (THIN)	10CM

# SUBLIME NET & TRAY BAG

In the current environment of maximum weight limits for keepnets, many of the commercial anglers need to carry multiple nets. The Sublime Net & Tray bag offers space for three keepnets along with any heads. Plus, it features a large front pocket with two straps for side trays, riddles or extra nets.

Just like the other bags and carryalls in the Sublime range, the Sublime Net & Tray Bag comes with neoprene covered handles for maximum comfort when carrying your gear to and from your peg.

NB: This Net & Tray Bag is ideal in combination with the Waterproof Single Keepnet Bag, keeping your wet and dry nets separated.

- > Heavy-duty 600D durable fabric
- > Easy-clean PVC outside
- > Rugged reinforced base
- > Water repellent
- > Soft neoprene handle and balanced grip positioning for extra comfort
- > Branded webbing straps
- > Durable SBS-quality zippers and branded pullers
- > Stylish design

CODE	DESCRIPTION	LENGTH	WIDTH	HEIGHT
22400036	SUBLIME NET & TRAY BAG	70CM	18CM	59CM

# SUBLIME WATERPROOF SINGLE KEEPNET BAG

The Sublime Single Keepnet Bag is a 500D waterproof PVC fabric bag that is ideal to store your wet keepnet (keeping them separate from dry ones). With a size L60xW5xH57, we have designed it big enough to hold larger square nets, including our Space-Creator range.

- > Heavy-duty 500D Waterproof PVC fabric
- > Waterproof
- > Easy-clean
- > Branded webbing straps
- > Durable SBS-quality zippers and branded pullers
- > Size L60xW5xH57cm

CODE	DESCRIPTION	LENGTH	WIDTH	HEIGHT
22400037	SUBLIME WATERPROOF SINGLE KEEPNET BAG	60CM	5CM	57CM

## NYTRO SUBLIME ELASTICATED ROD PROTECTOR

The best protection for your feeder rods are the Sublime elasticated tip and butt rod protectors. The top and bottom cover are made of neoprene to maximum protection. In the center the sections are held together with a Velcro-neoprene strap. The stretchable strap makes this product suitable for rods of multiple lengths and for both two and three section rods to be packed and stored safely.

CODE	DESCRIPTION
22400030	SUBLIME ELASTICATED ROD PROTECTOR

## NYTRO NEOPRENE ROD STRAPS

Set of two wide and narrow neoprene straps. Ideal to keep your rod sections together.

CODE	DESCRIPTION
22400040	NEOPRENE ROD STRAPS

# ***SOLUS***

THE PERFECT *SOLUTION*

## NYTRO UNHOOKING MAT

2024  
NEW

With more and more fisheries demanding unhooking mats for landing bigger fish, we designed this stylish black unhooking mat with the Nytro logo on the side. It is manufactured using sturdy 600D PVC outside material with a 2cm foam padding ensuring the fish is protected while unhooking on the bank.

The mat easily folds-up in three sections and is secured for transit with two Velcro straps. Ideal for the coarse angler as it simply fits inside just about every keepnet bag.

- > Rugged 600D PVC outside material
- > Padded 2cm foam inside
- > Easy folding and transport
- > Size L100xW48xH2cm (folded size L34xW48xH7cm)

CODE	DESCRIPTION	LENGTH	WIDTH	HEIGHT
22400038	UNHOOKING MAT	100CM	48CM	2CM

## NYTRO CRADLE

2024  
NEW

This Nytro branded cradle offers maximum protection for the fish when unhooking or when taking pictures. The cradle is manufactured using heavily padded nylon fabric for maximum protection, plus a 3cm foam mattress inside. The total size of the cradle is L100xW60xH22cm offering sufficient space and protection for the fish. The cradle comes with two webbing straps and a soft touch grip handle for transportation. Simply fold and zip-up to pack away and store.

- > Padded soft nylon material
- > Foam 3cm mattress inside
- > Fold and zip-up to stow-away and transport
- > Size L100xW60xH22cm (folded size L61xW48xH25cm)

CODE	DESCRIPTION	LENGTH	WIDTH	HEIGHT
22400039	NYTRO CRADLE	100CM	60CM	22CM

## EVA CONTINENTAL FEEDER RESTS

**2024**  
**NEW**

The Nytro EVA Continental Front Rests are designed for feeder fishing. They are available in two different sizes (30cm and 50cm), covering most feeder fishing requirements. This rest is manufactured from a high-density EVA material, offering maximum protection for your rods. Both rests are stable and feature a 45° upturned ripple side to prevent the rod from sliding along the rest in windy conditions or when undertow pulls the tip. The other side is straight so you can move your rod, pull on the line and move your feeder slightly, triggering fish to bite. The universal thread fits just about every feeder arm or bank stick. These feeder rests are easy to use and offer great value for money.

- > Stable front rest for feeder fishing
- > One 45° upturned rippled side
- > High-density EVA material
- > Colour black and red
- > Maximum stability and protection for your rod
- > Universal attachment thread
- > Available in two sizes (30 and 50cm)

CODE	DESCRIPTION
21900001	CONTINENTAL FEEDER REST 300
21900002	CONTINENTAL FEEDER REST 500

# STEADY-REST

The Nytro Steady Rests are the ideal rod rests for just about all modern-day feeder fishing. The range consists of a variety of six front and rear rod rests. All models are double injection-moulded, ensuring a solid, rigid base, with soft moulded parts where rod needs most protection. The Nytro STEADY SLIDING RESTS are an industry-first and allow the angler to have the front and rear rest in any position.

## STEADY METHOD REST

**NEW** 2024

This is the perfect rest for feeder fishing on commercials, the Nytro Steady Method Rest. Featuring a one-sided protruded sickle that prevents your rod from being yanked of the rest. You can lay your rod in multiple positions along the rest. All sections feature a small slot so you can make minor adjustments to the tension on the tip.

- > Method fishing rod rest
- > One sided protruded sickle safeguarding the rod on vicious takes
- > Four rod positions
- > Soft rubber grip surface
- > Slotted rod sections
- > Double-thread screw

CODE	DESCRIPTION
21900003	STEADY METHOD REST

## STEADY U-REST

**NEW** 2024

The Nytro Steady U-Rest is truly versatile and will fit most rod handle sizes. It has a soft rubber inlay which prevents damage to the rod or landing net handle. It can be used as a rear or front rest.

- > Versatile front/rear rest
- > Soft rubber grip surface
- > Ideal to keep your landing net in place in windy conditions
- > Double-thread screw

CODE	DESCRIPTION
21900004	STEADY U-REST

## STEADY SLIDING MINI REST

**NEW** 2024

The Nytro Steady Sliding Mini Rest is an industry-first where adjustable rests are concerned. We have designed this as a back rest allowing precise positioning of your rod butt. This enables you to move your rod slightly, to release or increase the tension on your rod tip without moving the feeder.

The Steady Sliding Mini Rest can also be used as a mini front rest. The uprights on both sides prevent the rod from being pulled off the rest.

The rest is fixed in position under pressure from the universal screw thread, so when you tighten the rest, it remains in the selected position.

- > Industry-first Steady Rod Sliding system
- > Versatile front or rear rest
- > Soft rubber grip surface
- > Ideal to release or add pressure to your rod tip
- > Double thread screw
- > Uprights on both sides preventing the rod from being pulled off

CODE	DESCRIPTION
21900005	STEADY SLIDING MINI REST

## STEADY DUO BUTT REST

**2024 NEW**

The Nytro Steady Duo Butt Rest is designed to hold rods with varying handle diameters. The duo-level allows the rod to be loosely positioned in the top or pushed down for extra grip. The soft grip material allows the rod to be held firmly in place when needed, while still allowing quick release when you get a bite or when you need to cast again. Ideal for use when fishing on higher banks where your rod points downwards and you need extra grip.

- > Duo-level butt rest
- > Soft rubber grip surface
- > Double thread screw

CODE	DESCRIPTION
21900006	STEADY DUO BUTT REST

## STEADY ADJUSTABLE BUTT REST

**2024 NEW**

The Nytro Steady Adjustable Butt Rest is an industry-first where adjustable back rests are concerned. We have designed this versatile back rest not only to precisely position your rod, but also to allow you to move your rod to release, or increase the tension on your rod tip, without moving the feeder. You can fix the rest with the universal screw-fitting under the butt grip, or you can leave it loose so you can constantly adjust, according to the circumstances. These rests are ideal in both still and flowing water conditions. The butt grip is designed to hold rods with varying handle diameters. The duo-level allows the rod to be loosely positioned in the top or pushed downward into the base for extra grip. The soft grip material allows the rod to be held firmly in place when needed, while still allowing a quick release of the rod when you get a bite or when you need to cast again. Perfect when fishing on higher banks where your rod points downwards and you need extra grip.

- > Industry-first Steady Rod Sliding system
- > Adjustable duo-level butt rest
- > Soft rubber grip surface
- > Double-thread screw

CODE	DESCRIPTION
21900007	STEADY ADJUSTABLE BUTT REST

## STEADY ADJUSTABLE FRONT REST

**2024 NEW**

The Nytro Steady Adjustable Sliding Front Rest is an industry-first front rest design. Incorporating an internal sliding system, allowing you to lock or set the rest in different positions, to both left or right. The rest features a soft rubber grip surface so the rod will not slip or damage. The Steady Rod Sliding Front Rest is designed with two, low raised edges, to position your rod against in windy conditions or in flowing waters. Fitted with two upright ends preventing the rod from shooting off the support when you have a bite.

- > Industry-first Steady Rod Sliding system
- > Soft rubber grip surface
- > Two low raised edges to position your rod against
- > Double thread screw

CODE	DESCRIPTION
21900008	STEADY ADJUSTABLE FRONT REST

# KLIP-ON

Klip-On is a product you did not even know you needed until you've seen it! They simply attach to your bait tub, EVA-tub or on to a 19mm edge of a side tray. Manufactured from soft latex material, they are lightweight and easy to use. We designed these with strong but flexible material, so Klip-Onz fit on virtually all bait and EVA tubs.

- > Extremely versatile
- > Strong and flexible
- > Ideal for saving space and staying organized

## KLIP-ON CHOPPER HOLDER

**NEW** 2024

So many of us use a worm chopper but where to put it? Put the Klip-On Chopper Holder on your bait tray or EVA-tub and you always have a dedicated position for it. It also features space for a baiting needle, a small disgorger, bait drills and even some hooklengths that are ready to be used.

- > Extremely versatile
- > Strong and flexible
- > Ideal for saving space and staying organized
- > Fits just about every bait and EVA tub
- > Cavity for worm chopper
- > Cavities for baiting needle and bait drill or small disgorger
- > Five slits to safeguard hooklengths, ready to use

CODE	DESCRIPTION
22000001	KLIP-ON CHOPPER HOLDER

## KLIP-ON BAIT TRAY

**NEW** 2024

Do you have trouble leaving pre-baited hooklengths on your side tray and then losing them? So did we! We designed a Klip-On Bait Tray that safeguards them and gives them a dedicated place on your side tray. We also added some holes to store your baiting needles and drills, right where you need them.

- > Extremely versatile
- > Strong and flexible
- > Ideal for saving space and staying organized
- > Fits just about every bait and EVA tub
- > Five dishes for pre-baited hooklengths
- > Cavities for baiting needle and bait drill

CODE	DESCRIPTION
22000002	NYTRO KLIP-ON BAIT TRAY

## KLIP-ON DIP TRAY

**NEW** 2024

Do you use bait dips? They are often standing here or there but never in the same place. We recognized that and have designed a Klip-On Dip Tray that will hold a multitude of different sizes. If you use more than one, just add more to your bait tub or EVA-tub to keep them neatly together. They also fit most pots/tubs with bandums, sinkers, mini boilies and wafers.

CODE	DESCRIPTION
22000003	KLIP-ON DIP TRAY

## KLIP-ON HANDLE & ROD REST

**NEW** 2024

A very handy Klip-On for every 19mm side tray upright. It will hold your landing net handle, and top kits or rod handles as well. The strong but flexible material allows rod handles and tops kits to be fixed without damaging them. A perfect and extremely versatile product in the Klip-On range.

- > Extremely versatile
- > Strong and flexible
- > Ideal for saving space and staying organized
- > Fits most rod handles, landing net handles and pole top kits

CODE	DESCRIPTION
22000004	KLIP-ON HANDLE & ROD REST

## TARGETZ OPEN-END CAGE FEEDERS

**NEW** 2024

The new lead free Targetz Open-end Feeders are not just another open-end feeder! They are different and are available in three sizes, small, medium and large and come in a variety of popular casting weights. Designed with a contoured side, Targetz Bullet Feeders cast further, fly straight and offer less resistance in water on retrieve. The precision designed holes allow for a better water flow, making them ideal for delivering and releasing a variety of different bait. These feeders lay flat on the bottom, offering superior bait presentation. The debossed weights offer added contact with the bottom which is perfect when fishing over features.

- > Three sizes S – M – L, in various weights
- > Designed in close cooperation with Tommy Pickering
- > High-grade plastic basket rises up faster on the retrieve than wire cage feeders, avoiding obstacles on the bottom
- > Custom designed for precise long-distance casting
- > Precision engineered rounded holes ensure enhanced bait release and improved water flow
- > Weight-forward placement of weight on the side of the feeder avoids unbalance and enables added accuracy and casting distance
- > The contoured weight allows the feeder to lay straight every time it touches the bottom
- > Debossed weight and logo on the weight for added contact with the bottom, perfect when moving the feeder
- > Maximum water flow to minimize resistance in the water on the retrieve
- > Supreme bait presentation
- > Ideal for a wide variety of different bait
- > Lead free

# TARGETZ BULLET FEEDERS

These new lead-free Targetz Bullet Feeders are totally different! They are available in three sizes, small – medium and large and come in a variety of popular casting weights. As a result of the specific placement of the bullet weight, Targetz Bullet Feeders cast further, fly straighter and cause less resistance on the retrieve. The precision designed holes allow for a better water flow, making them ideal for delivering and releasing a variety of different bait. Targetz Bullet Feeders offer supreme bait presentation.

- > Three sizes S – M – L, in various weights
- > Designed in close cooperation with Tommy Pickering
- > High-grade plastic body lifts faster on retrieve than a wire cage feeder avoiding obstacles on the bottom
- > Custom designed for precise long-distance casting
- > Precision engineered rounded holes, enhancing bait release and improving water flow
- > Aerodynamic placement of the weight for added distance casting
- > Maximum water flow to minimize resistance in the water on the retrieve
- > Supreme bait presentation
- > Ideal for a wide variety of different bait
- > Lead free

## STARKX FS TACKLE BOXES

Tired of messy bags and losing your gear? The StarkX FS Tackle Boxes are the solution! The range contains six models in a variety of shapes, sizes and function, to help you store your feeder gear in an orderly manner. Whether storing your feeders and accessories by type at home, or bringing a selection to the bank, we have the right box to suit.

### STARKX FS DELUXE FEEDER BOX 380

**NEW** 2024

This top of the range, high quality feeder box offers the space for not just feeders, but also smaller accessories such as swivels, beads etc. The many dividers allow you to create multiple sections, large and small, narrow and wide. The ideal all-in-one storage system.

- > Designed for feeder anglers
- > Strong ABS plastic
- > Conveniently arranged
- > Removable compartments
- > Great for storing feeder gear at home or to bring to the bank
- > Box size 380 x 300 x 60mm

CODE	DESCRIPTION
22000010	STARKX FS DELUXE FEEDER BOX 380

### STARKX FS DOUBLE FEEDER BOX 360

**NEW** 2024

This double layer tackle box is designed for feeder anglers. The two layers offer lots of space for all your feeders and accessories. The tackle box is conveniently arranged with additional dividers to store all your gear in an orderly manner.

- > Designed for feeder anglers
- > Double layer box
- > Strong ABS plastic
- > Gunsmoke transparent lid
- > Conveniently arranged
- > Removable compartments
- > Great for storing feeder gear at home or to bring to the bank
- > Box size 360 x 230 x 70mm

CODE	DESCRIPTION
22000011	STARKX FS DELUXE FEEDER BOX 360

### STARKX FS FEEDER BOX MS275-S

**NEW** 2024

Medium size tackle box, ideal for smaller feeders and accessories such as swivels, beads, stem kits etc.

- > Designed for feeder anglers
- > Strong ABS plastic
- > Gunsmoke transparent lid
- > Waterproof seal
- > Conveniently arranged
- > Removable compartments
- > Great for storing feeder gear at home or to bring to the bank
